19. ABSTRACT (Continue on reverse if necessary and identify by block number) This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Reports for the Fourth Quarter Fiscal Year (FY) 1993 for each of the Army Gateway catchment areas. Each Payment Report lists Privacy Act protected hospitalization patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount at the end of the Third Quarter and/or at the end of the Fourth Quarter FY 1993. The difference between the reported and prior quarters' net claim payments equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of the Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule, summarizing for each catchment area the catastrophic case cutoff limit, the net claim totals for each of the two quarters, the payment total between the quarters, and the number of catastrophic cases comprising these Fourth Quarter FY 1993 payment differences.

Executive Summary

This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Report for the Fourth Quarter, Fiscal Year (FY) 1993. For each of the Health Services Command (HSC) Gateway catchment areas, Privacy Act protected patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount are listed with the changes in their net claim payments between the reported and prior quarters. Each Payment Report includes the following for each patient: (1) the patient unique Inpatient Record Number; (2) the last hospital ending date on record; (3) the last hospital and professional services voucher payment dates; (4) an indicator of whether the case involved a consolidation of hospital stays due to FI adjudication action; (5) the DRG and diagnosis codes and their shortened names; (6) number of days spent in the hospital; (7) number of professional services; (8) patient age, sex and beneficiary category; (9) the catastrophic amounts above the site's specified catastrophic cutoff amount on the first and last days of the reported quarter; and (10) the difference of these two catastrophic totals which equals the catastrophic net payment made for each patient during the quarter. Dollar amounts are summed over all patients to total for the Payment Report within a catchment area. Table 1 at the end of this Summary (p. 3) contains the CHAMPUS Catastrophic Quarterly Payment Schedule. It lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Reports, and totals these amounts over all catchment areas.

Only cases with CHAMPUS claim payment totals exceeding the catchment area's catastrophic cutoff amount are presented. Each cutoff amount is noted in the footnote area on the catchment area's output in the Catastrophic Payment Report (Appendix A, pp. A-1-59) and on the CHAMPUS Catastrophic Payment Schedule (Table 1). The specific cutoff amounts used for each of the Gateway sites and the methods used to derive them were reported in the Health Services Command Publication Fiscal Year 1993 CHAMPUS Catastrophic Case Limits, Gateway Catchment Areas, RP 93-009, DTIC: AD A262 324, February 1993. Quarterly catastrophic payment amounts are the differences between the most recent and the prior quarters' CHAMPUS catastrophic claim totals. A negative payment amount represents net recoupment actions/adjustments during the quarter. Third Quarter FY 1993 quarterly catastrophic payment amounts for the thirty-eight sites were reported in the Health Services Command Publication CHAMPUS Catastrophic Payments For The Third Quarter, Fiscal Year 1993, Gateway Catchment Areas, RP 93-017, DTIC: AD A268 644, July 1993.

Finding the status of any catastrophic patient case from quarter to quarter is accomplished by comparing the Inpatient Record Numbers (INPT RCD #'s) from previous quarterly reports with those on the current Catastrophic Payment Report (Appendix

A). If the Inpatient Record Number is on both the previous report and the current one, the catastrophic patient had positive or negative net claims in at least one of the quarters and is a continuing catastrophic case. Otherwise, a catastrophic case can appear to be newly added or dropped when compared with a previous report depending on whether a case surpasses or drops below the catastrophic cutoff amount for that catchment area, or whether or not claim payment activity took place during the reporting quarter. An example of catastrophic case quarter to quarter activity is presented in the Summary of the Third Quarter FY 1993 Catastrophic Payments publication (see RP 93-017 listed above).

Table 1 at the end of this Summary (p. 3) contains the Fourth Quarter FY 1993 CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Report for the quarter. Additionally, each site's FY 1993 cutoff amount is listed. Table 1 shows that CHAMPUS catastrophic re-insurance payments for the Fourth Quarter had lows of \$-163,158 at Fort Riley MEDDAC with six catastrophic cases and a cutoff amount of \$117,000, and at Fort Meade MEDDAC with a cutoff amount of \$94,000 where payments were \$-14,174 for six patients. At the high end of the range, Womack AMC at Fort Bragg with a \$28,500 cutoff amount had 49 cases on its Payment Report and catastrophic re-insurance payments of \$630,062, while Fort Hood MEDDAC had \$537,793 in payments and 24 patient cases with its \$91,000 case limit. Fort Benjamin Harrison MEDDAC showed zero catastrophic patient activity during the Fourth Quarter. Having no catastrophic cases appear on their Fourth Quarter Payments Report could either have been caused by zero claim payments/recoupments being made against any catastrophic cases during the quarter, or by none of Fort Benjamin Harrison MEDDAC's patient cases surpassing the \$74,000 catchment area catastrophic cutoff amount. Quarterly catastrophic payments for the Fourth Quarter FY 1993 totaled to \$6,210,350 over all Gateway sites and included care for a total of 509 catastrophic patients.

Technical Note. The following Tri-Service CHAMPUS Statistical Database Project (TCSDP) data were utilized for report:

- A) Composite Institutional Record (CIR) V2.0
- B) Composite Professional Record (CPR) V1.0
- C) TCSDP Indexing Logic Module #C3B43.
